**POSITION TITLE:** Restoration Crew Leader  
**JOB ID #:** 43955  
**LOCATION:** Merrillville, Indiana  
**FULL/PART TIME:** Full-time  
**REGULAR/TEMPORARY:** Regular with an end date

### SUMMARY

The **Restoration Crew Leader** performs and participates in restoration operations including the maintenance, management, development, and coordination of conservation programs. This is an 18-month position with an approximate time frame of April 2016 to September 2017, with the possibility of an extension if more funding becomes available.

### ESSENTIAL FUNCTIONS

The **Restoration Crew Leader** leads work teams and supervises staff to ensure objectives of Conservation Strategic Plans are met, coordinates community support, and implements preserve management plans. S/he removes exotic species and/or monitors and researches species, maintains tools and equipment, and operates heavy machinery.

### RESPONSIBILITIES & SCOPE

- Coordinates with administrative and professional staff with responsibility for performance management, training, and development.  
- May lead or monitor work groups consisting of staff, interns, and volunteers covering a wide geographic area.  
- Financial responsibility may include working within/managing a budget to complete projects, and assisting with budget development.  
- Networks with diverse groups, including landowners and conservation partners to align restoration goals and priorities.  
- Works with multiple landowners/partners to coordinate TNC participation in restoration and management activities on non-TNC lands.  
- Works under minimal and distant supervision; must make independent decisions based on experience and judgments.  
- May work in variable weather conditions, at remote locations, on difficult and hazardous terrain and under physically demanding circumstances.

### MINIMUM QUALIFICATIONS

- BA/BS/AS/Technical or vocational degree in science-related field and 1 year related experience in custodial and ecological land management or equivalent combination of education and experience.  
- Experience with natural systems.  
- Experience recognizing plant and animal species as required to complete restoration activities.  
- Experience in ecological land management principles.  
- Experience supervising staff.  
- Experience operating and/or repairing various types of equipment and machinery.  
- Must have a valid driver's license.

### PREFERRED KNOWLEDGE, SKILLS & EXPERIENCE

- 1-2 years related experience in custodial and ecological land management or equivalent combination of education and experience.  
- Knowledge of current trends and practices in conservation, land management, and natural resource preservation.  
- Ability to complete tasks independently with respect to timeline(s).  
- Manages time and diverse activities under deadlines while delivering quality results.  
- Working knowledge of common software applications (e.g.; Word, Excel, Web browsers).  
- Basic Geographical Information System (GIS) skills desirable but not required.  
- Communicating clearly via written, spoken, and graphical means in English and other relevant languages.

*This description is not designed to be a complete list of all duties and responsibilities required for this job.*
The Nature Conservancy is an Equal Opportunity Employer. Our commitment to diversity includes the recognition that our conservation mission is best advanced by the leadership and contributions of men and women of diverse backgrounds, beliefs and cultures. Recruiting and mentoring staff to create an inclusive organization that reflects our global character is a priority and we encourage applicants from all cultures, races, colors, religions, sexes, national or regional origins, ages, disability status, sexual orientations, gender identities, military or veteran status or other status protected by law.
