Site Name: Seeds of Hope Youth Ranch

Description: Seeds of Hope Youth Ranch is a non-profit, organization whose purpose is bringing together abused horses in need of healing and kids who have a love of horses and who, too, are in need. Through Seeds of Hope, these kids have an awesome opportunity to uncover desires and dreams they never knew existed. With the help and care of adults who work side by side with horses and kids, they develop a natural love for playing with the horses and build up their character with: self confidence, healthy work ethics, relationships, respect, and love for animals and each other.
