

SINGLE SEA KAYAK

WILDERNESS SYSTEMS TEMPEST 165, 170

Each kayak rental includes a wetsuit, spray skirt, paddle, PFD, pump, paddle float, paddling jacket, dry bags, and a tie down kit!

Details:

The 165 is 16.5ft long, 55 lbs, include a skeg for tracking, and are built for kayakers with smaller frames.

The 170 is 17ft long, 57 lbs, include a skeg for tracking, and is also slightly wider than the 165.

The following skills are required to be eligible for kayak rental: wet exit, T-rescue, and paddle-float rescue. Customer must also watch a video and sign off on skills.
