REM: **Course Survey**  
(from IT)

If you haven't already done so, please take time to **step back and reflect on the semester**, and make some suggestions for next time around. We ask you to reflect on the course itself, and tell us what you think by evaluating the course and its parts. Please take time to respond. Your responses are very useful and helpful to us, and to the operations of the Department and University. We look to you for suggestions for improvement in the future, and various administrators look to and at the results for program and performance evaluations and for the future planning of course offerings. Course evaluations are one of the few places where you can have a real influence on how the University operates in the future.

The Information Technology Systems & Services (ITSS) sent you an  
**Invitation to Participate in an Online Course  
Evaluation.**

Evaluations are important to me, the Department Head,  
and the Dean, as well as everyone in our Department.

Please fill the online Course Evaluation out carefully.

Evaluations are anonymous, and will not be seen by the  
instructor until final grades for this course have been  
recorded.

Thanks,

Tim Roufs

### “Where’s My Term Paper?”

Check your  canvas folder for your term paper. Most have been returned. If you haven’t received **your Term Paper** back with my comments, you should be receiving it shortly. It takes quite a while to read those and make careful and extensive comments on them, so please be just a little patient.

In the next week-and-a-half I get to read and evaluate several hundred final exams, term papers, forum postings, and final projects. As you can imagine, that takes quite a bit of time—so have patience. I’ll be working at them pretty much continuously for the next two-and-a-half weeks. But, having said that, if you have any questions about any of those, please feel free to e-mail:
