Happy Easter!

for those of you celebrating Western Easter today.

General Comments for the Week

As mentioned two weeks ago, today in Spain begins the *Corrida de Toros* season, most magnificently celebrated with great pageantry in the Great Bull Ring of Seville—the famed *Plaza de toros de la Real Maestranza de Caballería de Sevilla*, the site of one of the most famous “bullfighting” festivals in all of the world, and cause for one of the world’s great ritual events pitting man against beast, mortality against eternity, strength against the less strong, and *los bravos* against *los matadores*.

This week, after a bow to Spain’s *Corrida de Toros* and accompanying festivities, we’re off to an equally bloody event

in the Faroe Islands—literally speaking—and we’ll visit the Faroese as they go about their traditional herding of whales as part of *The Grind*. The Faroe Islands are an autonomous territory within the Kingdom of Denmark,

And, oh ya, we’ll try to figure out why these people, harvesters of reindeer and whales, are the happiest people in the world as they relax in their saunas.

REM: **Your Term Paper is due this week.**

(from IT)

The friendly folks from the UM Office of Measurement Services will be sending you an Invitation and Reminder to Participate in an online Course Evaluation.

Evaluations are important to me, the Department Head, and the Dean, as well as everyone in our Department.

Please fill out the online Student Rating of Teaching (SRT) carefully.

Evaluations are anonymous and will not be seen by the instructor until final grades for this course have been recorded, and then only aggregate information from the entire class will be passed onto the faculty member.

Your input will help improve this course.

Thanks,

Tim Roufs

AE Does your Project take a HOLISTIC VIEW of your Subject? If You Need to . . . Review Holism (.pptx)

A major part of this course is your research project—not just for the points, but because researching a topic you are interested in and presenting your findings to others, and then writing the results up as a formal paper, is one of the best ways to learn things. (Lectures, as it turns out, research suggests, are one of the worst ways—keeping in mind that one must separate “learning” from the “*perception* of learning.”) So this week be sure to spend some time working on your **Paper.**

If I can be of help with your paper, please let me know. Check

in on Tuesday's Live Chat at 7:00 p.m., if you like.
