The screenshot shows the Canvas LMS interface for the course ANTH 4653 (001) Senior Seminar (Spring 2018). On the left sidebar, the 'Chat' option is highlighted with a yellow arrow and the word 'Chat' in a yellow box. The main content area displays a 'Subject Index' with letters A through Z, and a 'Welcome to the Senior Seminar' message. Below the welcome message, there is a 'Spring 2018 Greetings' link. The interface also shows a 'People' section with a 'Chat' button, and a 'Media Gallery' section.

Details on the Midterm are available at

http://www.d.umn.edu/cla/faculty/troufs/anth4653/ssexams_midterm.html#title.

In a nutshell, the exam will consist of your pick of **four questions** from the pool of questions generated from the questions you have submitted in the submit-a-question assignment, plus a couple that I have added (also included in the collection of Study Questions). **Use the list of questions you generated in the Midterm Exam Question assignment as study questions.** *And pay attention to my comments on the questions.* You can find that in the materials for Week 6. . . .

Midterm Exam Study Questions

On Wednesday, 28 February 2018,
the Bodley Ch. 3 Panel Members will be center
stage to discuss “Natural Resources and the
Culture of Consumption.” Be sure to read **Ch. 3 carefully**
before Wednesday’s class, and come to class prepared to discuss the
materials.

This is going to be a long “week”

—*two* weeks long in fact with Spring Break next week. That should give you a chance to rest up—and caught up—or get played out—as well as properly celebrate the Vernal equinox.

Take the Student Survey

For this week our course developer, has prepared an on-line survey of the class. Please help us by filling it out honestly, and promptly. Your views are very important in the future development of this course. The survey is part of our main “Assignments and Activities” of the week . . .
